WHAT TO DO WHEN THE FIRST SYMTOMS OF COVID-19 START TO MANIFEST

If you have COVID symptoms, even if they are minor :
Fever – Cough – Sore throat
Runny nose – Loss of taste or smell

YOU MUST

☑ Get immediately in touch with a doctor by phone or call :

▶ **116 117**

⚠ DO NOT GO TO A MEDICAL FACILITY YOURSELF

If you have trouble breathing or other advanced symptoms, dial 15 or 114 for hearing disabilities people.

☑ Have the screening test prescribed by a doctor quickly done
Chek for nearest screening centers available on
(think about activating geolocalisation)
▶ Santé.fr **www.santé.fr**

☑ Isolate yourself immediately wear a mask, if possible a surgical one.

WHAT TO DO IN CASE OF POSITIVE TEST ?

You must remain isolated in a room separated from others.

☑ If I am unable to remain isolated, I warn the doctor who will guide me towards the « assistance isolation » group, according to my situation.

☑ Help the doctor or health insurance by providing a list of people with whom you have been in contact these past 2 days.

☑ I can download the STOP Covid app and declare myself. StopCovid helps protecting yourself,others and medical staff by preventing the epidemic spread.
